

# LIMIT 600 KIT System

## 24 Vdc electromechanical barrier with encoder, 6 m beam

<b>Limit 600</b>	24 Vdc	GKLTx60EL0R901	CU 24V LT	57,5 kg	6

  

<b>LT600-24V-B</b> 1 Limit 600 24V	<b>AC-655</b> Aluminium rectangular beam L = 6 m	<b>AC-660</b> Reflective adhesive strips Comunello (pack of 30 pieces)	<b>AC-700</b> Rear covers for rectangular beam with protective rubber	<b>AC-710</b> Front cap for rectangular beam with protective rubber	<b>AC-510</b> Foundation kit	<b>AC-541</b> Unified spring for barreirs Border/ Limit
	<b>AC-800</b> 3 LED strips for beams L = 5 m	<b>AC-771</b> 3 Internal Led lights	<b>AC-570</b> End bar Swing down support for beam	<b>AC-683</b> Red protective profile for Limit beam (upper and beam), L = 6 m		

KIT Version available also with splitted beams (3m + 3m and AC-775 Rectangular Beam joint)

## Complete 24 Vdc barrier kit with 6 m boom with traffic light function

<b>Kit Limit 600 - 6 m - Traffic light</b>	GKLTx60EL0R907	57,5 kg	6

  

<b>LT600-24V-B</b> 1 Limit 600 24V	<b>AC-655</b> Aluminium rectangular beam L = 6 m	<b>AC-660</b> Reflective adhesive strips Comunello (pack of 30 pieces)	<b>AC-700</b> Rear covers for rectangular beam with protective rubber	<b>AC-710</b> Front cap for rectangular beam with protective rubber	<b>AC-510</b> Foundation kit
	<b>AC-541</b> Unified spring for barreirs Border/Limit	<b>AC-778</b> 2 LED strips for beams L = 8 m	<b>AC-771</b> 3 Internal Led lights	<b>AC-570</b> End bar Swing down support for beam	<b>AC-6813T</b> Transparent gum cover (upper and beam), L = 6 m
					<b>TRAFFIC ADAPTER</b> Traffic light adapter

KIT Version available also with splitted beam (3m + 3m and AC-775 Rectangular Beam joint)
